**COMMENTS ON PETITION
FOR RULE MAKING**

BK Radio ("BK"), applicant for a new FM station on Channel 242 at Llano, Texas (ARN-970815MD), hereby submits its Comments with respect to the Petition for Rulemaking filed by Elgin FM Limited Partnership ("Elgin FM"). In support of its position, BK states as follows:

Elgin FM is also an applicant for a new FM station on Channel 242A at Llano, Texas (ARN-970814MI). Elgin FM has petitioned the Commission to add Channel 275A at Llano and to modify the Elgin FM pending application to specify operation on Channel 293A in lieu of Channel 242A. (The Commission on its own had apparently set aside Channel 293A at Llano.)

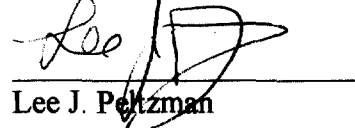

BK supports Elgin FM's Petition for Rulemaking. Elgin FM correctly notes that there are significant public interest reasons existing which would support the grant of the Elgin FM proposal, including the institution of earlier replacement service to Llano as well as the earlier institution of additional service in Llano to be provided by Elgin FM and BK. See Albion, Nebraska, 10 FCC Rcd 11927 (1995).

BK wishes to notify the Commission that, in the event the Commission adds Channel 275A at Llano, BK will accept that channel so that it may modify its pending Llano application and that, upon grant, it will construct its station promptly. BK therefore requests that its pending Llano application be modified accordingly to specify operation on Channel 275A. Consistent with Elgin FM's proposal, BK requests that it be afforded cut-off protection from other applications proposing to use the channels in question in Llano, and that its application, as amended, be granted along with the other Llano applicants.

Respectfully submitted,

BK RADIO
